APPLYING FOR A CONSTRUCTION PERMIT

THINGS TO DO BEFORE YOU APPLY FOR A CONSTRUCTION PERMIT SUBMIT APPROVALS WITH YOUR CONSTRUCTION PERMIT APPLICATION

This checklist represents the general requirements for the submission of a new construction permit application. It is not intended to be an all inclusive list as each application is unique and may require additional documentation. On the other hand, some items on this list may not apply to your application. This checklist is intended to be a guide only. If you have any questions please ask.

You must supply a copy for your application, do not assume we have any of the following:

- ❑ Pineland Approval - Certificate of Filing.
- ❑ Planning Board Approval.
- ❑ Wetlands Approval, or proof of no wetlands (not necessary if Pinelands).
- ❑ Monroe Township Zoning Permit.
- ❑ COAH Development Fee Form.
- ❑ Lot Grading Plan Approval or Waiver from Township Engineer.
- ❑ Survey approved by Township Engineer.
- ❑ Plot Plan showing location of proposed structure.
- ❑ State, County, or Township Curb Opening Permit.
- ❑ State, County, or Township Street Opening Permit (utility hook-ups).
- ❑ Well and Septic Approval from Gloucester County Dept of Health (Required for all new construction and additions)
- ❑ Monroe Twp and Gloucester County Utilities Authority Water & Sewer Connection Permits.
- ❑ Gloucester County Soil Conservation District Permit Or Exemption.
- ❑ NJ Builders License, NJ Home Improvement Contractors Registration, or other applicable license.
- ❑ Gloucester County and Monroe Twp Board of Health Dept approval for all Commercial Kitchens.

All Prior Approvals will require a Final Approval from the issuing agency before a Certificate of Occupancy will be issued from the Construction Office.

A Contractors ignorance to the Code cannot be our responsibility!

7/10/17 Revised/tp

APPLYING FOR A CONSTRUCTION PERMIT PLANS TO INCLUDE WITH YOUR APPLICATION

- Two (2) sets of sealed plans prepared by an architect or engineer licensed by New Jersey.
(A Resident Homeowner can draw plans without a seal.)
- **Building Plan** shall include:
 - Sealed truss layouts and profile sheets.
 - Pre-Engineered floor joist layout showing all pointload and connection details.
 - Exterior foundation drain or engineered soil certification.
 - REScheck or Equivalent.
 - Mechanical layout for heating and air conditioning.
 - When rebar is used in a foundation, show #4 copper wire attachment being used for grounding electrode.
 - List straps or bolts with manufacturer and size.
 - List after market add-on (manufacturer, size and adhesive). Corrosion report if on new pressure treated wood.
 - Hurricane clips for uplift.
 - List all joist hangers and nails for specific loads.
 - Note all load paths and column attachments.
 - Note floor-to-floor connection (wall overlap or mechanical connectors).
- **Electrical Plan** shall include a top view of the floor plan showing the location for lights, receptacles, and switches. Conductor sizes and circuit breaker sizes must be noted on the plan.
- **Plumbing Plan** shall include the location of plumbing fixtures shown on the floor plan; piping schematic showing sanitary drains and vents; water supply with hot and cold piping to fixtures; gas pipe schematic showing all proposed appliances; pipe sizes and diametrics.
- **Fire Plan** shall include smoke detectors noted on the Electrical Plan: 1 each bedroom, 1 in hallway within 10 feet of bedrooms, 1 each floor level. Also include 1 carbon monoxide detector in hallway within 10 feet of bedroom.
- **Prototype Plan** shall have a Floor Plan of the specific model showing options. Mirror plans will not be accepted.

If you have any questions regarding the plan requirements for your project please contact the appropriate Sub-Code Official, Monday-Friday, between 7 AM and 8:30 AM. You may leave a message at any time for a call-back from an official.

BEFORE SIGNING THE CERTIFICATION IN LIEU OF OATH

indicating that you are performing the work yourself, please consider the following:

1. The laws requiring new home builders to be registered and contractors in the various trades, such as plumbing or electrical work, to be licensed were adopted to protect homeowners and homebuyers. If you are signing this Certification to provide cover to an unlicensed homebuilder or contractor, you are forfeiting the protection afforded to you under the law. The contractor that you have hired may or may not be qualified. And if you encounter problems with this contractor, the government will not be able to help you because you signed the Certification indicating that you are performing the work yourself.

In the case of the construction of a new home, you are forfeiting your right to a new home warranty. Every new home builder in New Jersey is required to be registered with the State and to give a warranty to each purchaser. The warranty covers almost all defects in workmanship or materials, including appliances, for the first year; plumbing, mechanical (heating and air conditioning), and electrical systems for the first two years; and major structural defects for ten years. Further, the warranty will actually pay for the correction of defects if the builder fails or refuses to do so. By signing the Certification, you are giving up that protection.

2. You are violating the criminal laws of this State if you sign a Certification indicating that you are doing the work yourself when, in fact, you are paying someone else to do it.

NOTICE TO PERMIT HOLDERS & INSPECTORS

- Calls requesting inspection results will be directed to the appropriate Subcode Official or their voicemail.

Building:	Lou Polillo	ext 299
Electric:	Jim Morrison	ext 221
Plumbing:	Steve D'Amico	ext 502
Fire:	Lou Polillo	ext 299

- Office Support Personnel are instructed not to answer inspection questions.
- All Inspectors shall apply a sticker at the inspected job site.
- Permit Holders are asked to read the sticker. If they still have a question, please contact the appropriate Subcode Official.
- Every effort will be made for all inspections requested by 3 PM to be scheduled for the following work day.
- Call 856-728-9800 ext 294 or 219 to schedule an inspection.
