Department will not collect Waste Management
“BAGSTER” containers.***

These waste containers can be independently purchased at various home improvement stores such as Home Depot and Lowe’s by a homeowner.

We have found areas where residents have purchased and filled the “BAGSTER” with debris and the container remains roadside for an extended period of time. If a homeowner chooses to use this service in lieu of a private dumpster service it is the homeowner’s responsibility to make arrangements through Waste Management for removal of the “BAGSTER.”

Additional information regarding the “BAGSTER” program procedures and fees can be found at www.thebagster.com.
