Michael will check with Beth Lillie, Director of the Monroe Township Free Public Library, to make sure enough people have signed up and the training program is still being held.

Michael spoke in reference to the Welcome Signs. The signs still have not been made and placed, due to the New Jersey Department of Transportation requires the signs to be seven feet above the ground for pedestrian clearance; Michael is awaiting a response from Adams, Rehmann & Heggan Engineers in reference to the type of sign that the Commission wants does not get raised seven feet above the ground. Michael would like to approach another township board/commission to contribute to the cost of the township signs; maybe Parks and Recreation Commission or Open Space Advisory Committee.

The members discussed the Business Seminar that was held on April 26th. Approximately 25-30 people attended the seminar. Tony felt this seminar was very informative and was pleased with the outcome of the event; he thanked Jared for the assistance of his wife with the event, due to him not being well enough to attend.
