

1. Will the Township consider a 4-week extension to the deadline?

We can not provide the 4 week extension as we need to maintain schedule in order to take advantage of the TREC program. If meeting the deadline is a problem, please provide specific details on the areas that will need additional time in your response.

2. Given the COVID -19 situation and current work from home restrictions, will the Township accept proposals via email submission? If not, how many hard copies are required?

Given the COVID-19 crisis, submissions via email is acceptable via PDF format, submitted to the Municipal Clerk, Aileen Chiselko at achiselko@monroetownshipnj.org

If submitting hard copies, please submit (5) copies.

3. The RFP states that new roofs would be needed for the school site – who is responsible for those and the associated costs? What is the anticipated timeline?

The schools will be replacing the roofing under a different contract and will be completed before the solar is installed. The costs of the roof does not need to be included in the PPA price.

4. Does the Township have interest in energy storage proposals?

Not at this time.

5. Will the Township evaluate proposals offering only 20-year PPAs, not 15 year?

We can accept a 15 and 20 year PPA rate.

6. Who would be the offtaker of the solar? Is it required that the Solar interconnection point is located behind the meter?

These are all behind the meter installations.

7. Can the Township supply utility bills from the last 12 months?

We have provided the annual kWh and the PLC's.

8. Is a PV proposal required for all 6 sites outlined in the RFP?

Since this is a joint initiative, all of the sites must be included in the RFPS response and PPA price.
