NOT FOR CONSTRUCTION
PLANTING NOTES

1. All trees shall be removed from the property except for the following: a) Pine trees or b) an endangered species.
2. All vegetation on slopes greater than 25% shall be removed from the property.
3. All soil removed from the property shall be piled at the rear of the property.
4. All vegetation shall be removed from the property prior to the property being returned to the original conditions.
5. All vegetation shall be removed from the property prior to the property being returned to the original conditions.
6. All vegetation shall be removed from the property prior to the property being returned to the original conditions.
7. All vegetation shall be removed from the property prior to the property being returned to the original conditions.
8. All vegetation shall be removed from the property prior to the property being returned to the original conditions.
9. All vegetation shall be removed from the property prior to the property being returned to the original conditions.
10. All vegetation shall be removed from the property prior to the property being returned to the original conditions.

SEEDING NOTES

1. The proposed seed mix shall be provided to the property owner.
2. The proposed seed mix shall be provided to the property owner.
3. The proposed seed mix shall be provided to the property owner.
4. The proposed seed mix shall be provided to the property owner.
5. The proposed seed mix shall be provided to the property owner.
6. The proposed seed mix shall be provided to the property owner.
7. The proposed seed mix shall be provided to the property owner.
8. The proposed seed mix shall be provided to the property owner.

LANDSCAPE MAINTENANCE NOTES

1. All vegetation shall be maintained in a manner that is consistent with the approved planting plans.
2. All vegetation shall be maintained in a manner that is consistent with the approved planting plans.
3. All vegetation shall be maintained in a manner that is consistent with the approved planting plans.
4. All vegetation shall be maintained in a manner that is consistent with the approved planting plans.
5. All vegetation shall be maintained in a manner that is consistent with the approved planting plans.
6. All vegetation shall be maintained in a manner that is consistent with the approved planting plans.
7. All vegetation shall be maintained in a manner that is consistent with the approved planting plans.
8. All vegetation shall be maintained in a manner that is consistent with the approved planting plans.

NOTE: This sketch is not to scale and is for planning purposes only. All vegetation shall be maintained in a manner that is consistent with the approved planting plans.

NOT FOR CONSTRUCTION
BY TESTING OR APPROVED FIELD EVALUATION OF SOIL CLASSIFICATION. TEST RESULTS SHALL BE REVIEWED AND APPROVED BY THE ENGINEER.

1.44" 10' (EMULSIFIED ASPHALT) SHALL BE APPLIED AT A RATE OF 0.10 GAL./S.Y. BETWEEN ASPHALT LAYERS.

CONTRACTOR SHALL PROVIDE THE OWNER WITH CATALOG CUTS

2. NEWTON FALLS, OHIO 44444

1. A MINIMUM OF ONE TRASH RECEPTACLE SHALL BE PROVIDED

NOTES:
1/4" x 4" (NOMINAL) DIAGONAL ON INTERIOR SIDE OF FENCE

CONCRETE FOOTING, 2'-6" AREAS ONLY

CARRIAGE BOLTS CROSS-BRACING W/ 3/8" GALV.

BOLT ATTACHMENT. CROSS BRACING CARRIAGE TO BE SUITABLE FOR REUSE BY OWNER OR OTHERS ON PROJECT. THEY ARE NOT INTENDED OR REPRESENTED TO KEY OWNER)

CHAIN AND PAD FREELY TO A MINIMUM OF 90° OPENING. PROVIDE LATCH TO RECEPTACLE AS MANUFACTURED BY:

NOTE: 5'-0" OPENING

NOTES: MINIMUM HEIGHT FOR ALL TRAFFIC CONTROL SIGNS

INFRARED EMITTANCE

DIA. 18"

RECEIVED FROM PROJECT ONLY

11/30/2020

1. THE CONTRACTOR SHALL APPLY A PRE-EMERGENT HERBICIDE TREATMENT TO THE SUBGRADE PRIOR TO ACCEPTANCE OF THE CRUSHED STONE, THE CONTRACTOR SHALL PROVIDE A SAMPLE OF THE MATERIAL APPROVED EQUAL.

1. THE CONTRACTOR SHALL APPLY A PRE-EMERGENT HERBICIDE TREATMENT TO THE SUBGRADE PRIOR TO ACCEPTANCE OF THE CRUSHED STONE, THE CONTRACTOR SHALL PROVIDE A SAMPLE OF THE MATERIAL APPROVED EQUAL.

SMALL DOG PARK EQUIPMENT DETAILS

1. **A Frame - Agility Jumps**
   - Use for agility training and obstacle courses.
   - Includes A-frame, 2 jumping bars, and 10 height adjustments.

2. **6601-6603 Walk Jumps**
   - Suitable for training and agility courses.
   - Features 3 different jump heights: 24", 36", and 48".

3. **6706 Double Bow Wow Barrel**
   - For agility and performance training.
   - Includes barrel, 2 posts, and 2 rings.

4. **PET WASTE STATION DETAIL**
   - For waste disposal at dog parks.
   - Includes a waste bin, bag dispenser, and sign.

5. **SMALL DOG AREA SIGN DETAIL**
   - For indicating the area designated for small dogs.
   - Includes a sign and station for waste disposal.

6. **PARK ENTRANCE SIGN DETAIL**
   - For entrance signage.
   - Includes a sign for park entrance.

**MANUFACTURER:**
- **DogIPOT**
  - 2100 Principal Row, Suite 405
  - Orlando, Florida 32837
  - PH: 1-800-364-7681

- **DOG-ON-IT-PARKS**
  - MODEL NO. 7236 OR APPROVED EQUAL.
  - INSTALL ON FENCE NEAR DOG PARK ENTRY GATE

**INSTALLATION AND MAINTENANCE:**
- Follow manufacturer's instructions for installation.
- Regular maintenance to ensure equipment longevity.
- Replace damaged parts immediately.

**CONTRACTOR AND OWNER RESPONSIBILITY:**
- Ensure all equipment is properly installed and maintained.
- Regular inspections to identify any potential issues.
- Promptly address any equipment that needs repair.

**LEGAL DISCLAIMER:**
- All equipment is manufactured for the specific purpose intended.
-任何再利用未通过Pennoni Associates的书面确认或适应将被视为在所有者单独风险和无法律责任的情况下进行。
- All owners shall indemnify and hold harmless Pennoni Associates from all claims, damages, losses and expenses arising out of or resulting therefrom.

**DIMENSIONS:**
- All dimensions must be verified by contractor.
- Owner must be notified of any discrepancies before proceeding with work.
