These inspections are broken down into two categories, resales, which is the change of ownership certificate and affidavit for temporary certificate and rental certificates which are the annual rental inspection of all rental properties within the Township, as well as the change of tenant inspection and certificates on rental properties. The Housing Official and/or his Director or designee investigate illegal rentals and resale complaints from the public and take enforcement action when necessary. Please contact us at (856) 728-9800 Ext. 296 with any questions.

ZONING OFFICE

The Zoning Office is the Department who enforces the Monroe Township Land Use Code and reports to the Director of Code Enforcement.

The purpose of Zoning is to ensure that any proposed use, construction, or alteration is allowed in the zone and will be located within the required setbacks from the property lines as required by the Monroe Township Land Development Ordinance. Specifically, this code regulates the setbacks and permitting process for principal structures, additions, decks, gazebos, pools, hot tubs, sheds, basketball courts, patios, fencing and all other accessory uses and structures. The Zoning Permit is a prior approval for projects that require Construction Permits and must be obtained prior to submission to the Construction Office.

Any resident contemplating any change or addition to his/her property or home should contact the Zoning Office for information on general regulations in their zoning district. Non-residential properties are required to obtain Zoning permits for the change of ownership, change of tenant, change of use, change of name, or any change or addition to the property, including signage.

By obtaining the required permits, a property owner will avoid creating a violation that may require alterations to, or relocation of, the new construction to abate the violation. If you are selling your home, the presence of a violation can delay your settlement in obtaining all required permits.

In any case, if you cannot meet the zoning requirements, it may be possible to obtain a variance.

The Zoning Office urges all residents to inspect and maintain their properties.

The Zoning Office also handles permits for clothing bins, and dumpsters.

To contact the Zoning Office with any questions about our process and permits, please call (856) 728-9800 Ext. 237 or 222.

To contact the Pinelands Commission with any questions about a property within their jurisdiction, please call (609) 894-7300.
